

# Meet da Vinci™

## Lawnwood Regional Medical Center & Heart Institute

*For Your Good Health*

### A BREAKTHROUGH SURGICAL SYSTEM THAT CAN IMPROVE THE QUALITY OF YOUR LIFE AFTER PROSTATE SURGERY.

Approximately 16% of American men will be diagnosed with prostate cancer.

Now you have a choice when it comes to surgical treatment.

We offer the new state-of-the art, less invasive procedure called the *da Vinci* Prostatectomy.

The *da Vinci* allows the surgeon to perform complex surgery through tiny surgical openings resulting in a quicker recovery and return to normal activity.

Patients can experience:

- less pain
- less risk of infection
- less blood loss
- less scarring
- less risk of incontinence and impotence

For a referral to a certified surgeon or for more information on the *da Vinci* surgical system, call us at
